Dear Parents and Carers

Food for Life Award

Over the past year Telford Infant School has embarked on gaining recognition for its commitment to a whole school approach to the health and well being of our children.

Working alongside 'Food for Life', associated with the Soil Association, it is with great pleasure that we can inform you that we have been successful in achieving the 'Bronze Award'.

We are extremely proud of this achievement which clearly highlights the hard work and effort put in towards raising standards and ensuring that the health and wellbeing of every pupil within Telford Infant School is seen as a priority.

I'm sure you will join me in congratulating the staff and pupils of this tremendous achievement!

Many thanks

Mrs Kate Walsh and Mrs Denise Pugsley
