

Learning to Learn

- *phonics - reading and writing;
- *a chance to explore 'continuous provision';
- *maths.

Aims

- *to gain an understanding of how your children will develop their early literacy and numeracy skills.
- *how their independence, curiosity and creativity will be encouraged

Maths

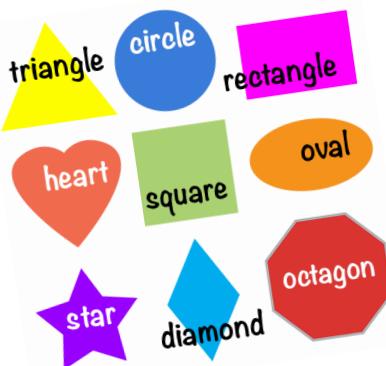

Mathematical Development involves two strands:

Number

Shape, space and measure

Number

* Reception focuses on securing knowledge of numbers to 20.

* Numicon and Numberblocks

* 'fluency'

0	1	2	3	4	5	6	7	8	9	10
	□	○○	○○○	○○○○	○○○○○	○○○○○○	○○○○○○○	○○○○○○○○	○○○○○○○○○	○○○○○○○○○○

How many?

1:1 correspondance

'altogether' or
'total'

Counting on'

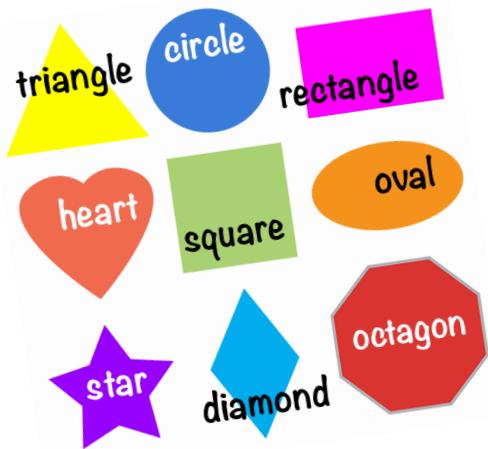

Shape, space and measure

This area of maths is closely linked with language.

The children need to understand the language of SSM as well as talk about it

2d and 3d shape

flat

curved

^{cube} points

corners

sides

faces

real life objects

Measures

money

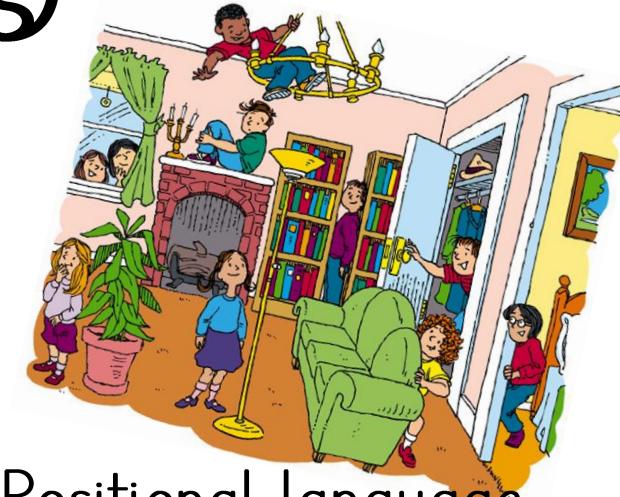

Comparing weight

Capacity...full,
empty, half
full...

time

Positional language

Comparing height...
