**Autumn 2 2026 – All Around Me**
**Year 1 Optional home learning**

This is a takeaway menu of home learning for you and your child to choose from should you wish to complete any home learning. Please share any of the activities that you complete with us on Tapestry.

| | | |
|---|---|---|
| This term we will be looking at maps and creating our own. Can you create a map with a grownup at home? You might like to create a map of a room in your home, your local area around where you live or a place you have visited. Try and add some labels.<br> | Make a collection of sticks and pebbles. Use the sticks or pebbles to make a 2D shape. What shape did you make? Can you tell a grown-up anything about your shape? How many sides does your shape have? Then, try making another shape. Can you make a triangle, a circle, a square and a rectangle? | Choose an object at home and don't let your grown up see it. Give your grown-up clear clues to guess what the object is, you could write the clues down. Remember to describe the object, including the materials it is made from to help you. Take it turns with your adult to guess what the item is. |
| Practise creating a fact family using this online game with an adult. Please only use numbers up to 10. https://www.topmarks.co.uk/number-facts/number-fact-<br> | With a grownup, go for a walk in the local area around Telford Infant School. How many different types of buildings can you see? What are they used for? How are the buildings the same and how are they different? Take some photographs of the different buildings that you see. | Use your DT skills to make a slider of a character from your favourite book. Will your character move up and down or from left to right?<br>*We will be covering this learning towards the end of term, please save this task until last!<br> |

Please read every day and learn your common exception words for Year 1 which are on Tapestry.
