Introducing our Coin Snake Challenge!

After a fantastic Autumn term we are excited to launch a brand new fundraising idea which we think the children will really love....

Our great **Coin Snake Challenge!**

Throughout this term children are invited to **bring in any spare coins** from home. Each class will be collecting the coins in their own coin jar. All coins gratefully received, including foreign currency.

Just before Easter, each class will then have fun lining up the coins they collect to make their own class coin snake.

The class with the longest snake wins a prize!

Once the challenge is complete, all coins will be **donated to our school** to buy vital learning resources.

**Thank you all so much for
your support x**
