

# Autumn 1 – The Wonderful World of Julia Donaldson

## Year 1 Optional home learning

This is a takeaway menu of home learning for you and your child to choose from should you wish to complete any home learning. Please bring in anything that you create to share with the class.

Use a computer or tablet to find out facts about the author Julia Donaldson. Write your facts down or remember them to share in school.	Go on a technology hunt both inside your house and in your local community. Take some photos or make a list of the different types of technology that you find. For example, washing machine, DVD player, electric toothbrush, digital radio, zebra crossing, lift, parking machine.	Share your favourite Julia Donaldson book with your family. Draw a picture of your favourite character.
Go on a nature walk and collect interesting things that you find. How many different plants can you find? Do you know the names of any of them?	Draw a simple map of your bedroom. Where is your bed? Where is the door? What else is in your bedroom? You could add some labels to the different items in your bedroom too.	 Make a shoebox 'adding machine'. (There are lots of ideas on the internet and you can bring it in to use in the classroom if you would like to.)

Please read every day and learn your common exception words for Year 1 which are available in a list on Tapestry.
