2nd September 2020

Dear Parents,

Over the next few weeks the focus of our history teaching with the children will be based around them being able to put events in chronological order. We would also like to give the children opportunities to be using vocabulary such as 'when I was younger,' 'now,' and 'in the future.' In order to complete this learning, we will be looking at what the children were like at different stages in their life and, in particular, how they have developed and changed.

In order to help us with our history learning, please could you upload onto Tapestry three photographs of your child at different points in their life. Ideally, these would be photographs of them as a baby, toddler and at some point last year, maybe their first day at school. We can then use these images in school during some comparison activities. We would be really grateful if you could upload these photographs onto Tapestry by Wednesday 9th September. If you do not have any suitable photographs then please do not worry, we have some images already prepared that the children can use.

If anybody has any questions then please do get in touch via the school email address.

Many thanks,

The Year One Team
